

Dr. Rhian Davies

STATISTICIAN · DATA SCIENTIST · STEM COMMUNICATOR

07805 871708 | thetrianglegirl@gmail.com | trianglegirl.github.io | trianglegirl | trianglegirl

Education

University of Lancaster

PHD STATISTICS AND OPERATIONAL RESEARCH

2012 - 2017

- My thesis was titled Efficient Analysis of Data Streams.
- My research focused on online clustering, spectral clustering, classification, image processing, image segmentation and identifying points of change in time series.

University of Lancaster

MRES STATISTICS AND OPERATIONAL RESEARCH

2011 - 2012

- Covered a range of topics, including Likelihood and Bayesian Statistics, MCMC Methods, Machine Learning techniques, Optimisation and Data Mining.

University of Lancaster

BSC MATHEMATICS AND STATISTICS, FIRST CLASS

2009 - 2011

Experience

Digital Rail Ltd

DATA SCIENTIST

2018 - Present

- Develop analytical techniques for the railway industry.
- Provide statistical consultancy for a broad range of clients.

Arctic Shores

DATA EXPERT

2017 - 2018

- Developed psychometric models for game-based assessment.
- Data processing and analysis alongside model validation.

Unilever Research and Development

DATA EXPERT

Mar 2015 - Sep 2015

- Established computational methods to extract features from accelerometers.
- Responsible for the processing and analysis of experimental study data.

University of Lancaster

GRADUATE TEACHING ASSISTANT

2012 - 2017

- Taught a broad range of undergraduate mathematics and statistics courses.
- Supervised practical work, specialising in R programming.

Extracurricular Activity

R-Ladies Lancaster

CO-FOUNDER & ORGANISER

2018 - Present

- Organising and delivering talks to support people using the R language.

Royal Statistical Society

STATISTICAL AMBASSADOR & FELLOW

2015 - Present

- Engaging with the media, schools and wider public to improve statistical literacy.
- Chair of the Lancashire and East Cumbria branch.
- Currently working towards CStat status.

STEMNET

STEM AMBASSADOR

2013 - Present

- Active and passionate STEM engager.
- Invited talks include Royal Institute Masterclass & Florence Nightingale Day.

Key skills

R Expertise Rstudio, Markdown, Tidyverse, Shiny

Machine Learning Statistical modelling, Clustering, Classification, Neural Nets

Programming R, Git, Python, Matlab, \LaTeX

Languages English, Conversational Welsh

Awards & Grants

2014	Grant leader , STOR-i research fund - UCLID conference	£6,000
2013	Best Paper Award , Sensor Data Fusion Workshop	Bonn, Germany
2011	Grant leader , UniBrass - Arts Council Funding	£10,000

Interests

Professional R programming, machine learning, image processing, data visualisation.

Personal Cycling, fell running, knitting, orchestral percussion.
